CHILDBIRTH CLASSES

Expectant mothers and their support person attend these classes together to prepare for the birth of their child. All aspects of pregnancy and childbirth are covered, including nutrition, exercise, body changes, labor, birth, pain management, Cesarean birth, and postpartum adjustment. Essential information about newborn care (nutrition and safety) is also included.

CHILDBIRTH REFRESHER

If you have given birth before and prefer a review of information about labor and birth, hospital procedures, and breathing and relaxation exercises, this three-hour class may meet your needs.

BREASTFEEDING BASICS

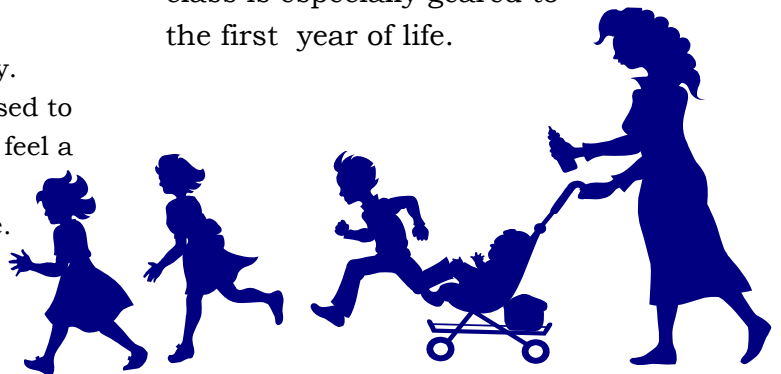

Breastfeeding is a learned skill. Preparation is essential. This one-evening class will prepare you to get off to the best possible breastfeeding start. Because the support of fathers, grandparents, and others is so important, they are warmly invited and encouraged to attend.

SIBLING CLASS FOR NEW BROTHERS & SISTERS

This special class is for the children in the family preparing to welcome the new baby. Activities, discussion, and nursery tour are used to help them feel a part of the experience.

help them feel a part of the experience.

PCAP/MOMS

The Prenatal Care Assistance Program, (PCAP) and Medicaid Obstetrical and Maternal Services (MOMS), covers all aspects of prenatal care throughout a woman's pregnancy, delivery, and postpartum period. With an emphasis on regular and on-going prenatal care, patient education, prevention and wellness. PCAP/MOMS is designed to help expectant mothers have a positive pregnancy and birth experience. For more information call (585) 596-4017.

Safe Sitter

This class focuses on early growth and development, maintaining a safe environment, making appropriate decisions in emergency and other important issues for the young babysitter. This class is designed for everyone.

INFANT CPR & SAFETY

An essential class for all new parents and caregivers. Choking rescue, cardiopulmonary resuscitation, and other important safety issues will be covered. This class is especially geared to the first year of life.
